June 3, 2001

On a very special day, in **River Edge**, a very special thing happened in the life of **Jean**. Do you know what it was?

A very special little boy named **Daniel Charles Wilson** was born. Everyone at **Hackensack Hospital** was very excited. The whole town of **River Edge** had been anxiously awaiting his arrival.

When Topper Turtle heard the news, he gathered everyone together and declared **June 3, 2001**, to be a very special birthday for **Danny**. A birthday that should be celebrated on the same date every year!

At **Hackensack Hospital**, Stilty Stork assisted **Dr. Latkin** in delivering **Danny** into the world at **9:15 a.m.**

"You're a fine baby boy," said **Dr. Latkin**. "I know your mommy is proud to have the cutest baby in the world."

Squeaky Squirrel and Bouncer the Bunny weighed and measured little **Danny** who was **6 pounds 5 ounces** and **17 inches** long at birth.

Mommy had wanted to have a baby exactly like **Danny**. Her very special delivery had made this one of the happiest days of her life.

In fact, **Danny** seemed to make everyone happy. Even gruff old Grumbly Gopher had to chuckle when **Danny** made cute little baby faces.

Soon the news of the birth of **Danny** spread far and wide. It seemed everyone in **River Edge** was thrilled to hear about **Danny's** arrival. When Mrs. Churchmouse heard the news, she got so excited that she fell off her chair and spilled her tea!

Grandma and Grandpa Wilson, Uncle Phil and Aunt Ami came to see **Danny** and share in the excitement of his birth. Everyone wanted to watch him, amazed at everything he did.

Grandma and Grandpa Wilson, Uncle Phil and Aunt Ami smiled at the thought of **Danny** growing bigger and stronger day by day. Soon he would be able to recognize all those who love him.

Before long, it was time to go home from the hospital. **Jean** said goodbye to everyone who had helped her at **Hackensack Hospital**. She bundled up **Danny** for his very first trip to the outside world.

Everything was new and exciting for **Danny**. He saw houses and trees for the very first time. The world was quite an interesting place.

At home, there was a very special room that had been prepared for **Danny**. His crib was filled with cute, fluffy toys and there were many other toys that would give **Danny** hours and hours of fun as he grew.

Mommy loved holding and cuddling little **Danny**. She talked to him in a soothing, sweet, and loving voice. Sometimes she even sang little songs as she rocked **Danny** back and forth.

Mommy took **Danny** everywhere she went. She was very proud of **Danny** and wanted the whole world to meet her very special little boy.

Since his birth on **June 3, Daniel Charles Wilson** has made the world a much happier place. **Danny** is truly a very special little person.
